### **1 Background:**

---

Kandhamal district health administration has been consistently taking several steps towards bringing an all-round improvement in the existing healthcare system in the district. More than two thousand Anganwadi centers located in the district have played an important role in improving the state of the current child healthcare system. In order to ensure proper scheme implementation and operations of these Anganwadi centers, Kandhamal district administration intends to use a Mobile App to achieve the following objectives.

- Real-time data capture & updating
- Monitoring and tracking of Anganwadi operation

### **2 Scope of Work:**

---

The scope of work for the selected bidder is as follows.

- Implementation of officers portal
- Implementation of MobileApp with real time photograph
- Creation & Management of Google play store developer account
- Hosting of application
- Application maintenance support

### 3 Functional Requirement

---

#### 3.1 Officer's Web Portal:

Officer's portal will be accessed by users at the DSWO and District Collectorate level with following functionalities.

- Master data configuration
- User creation
- User access rights management
- Tagging of supervisor against Anganwadi
- Broadcast notification
- Viewing of MIS reports
- SAM child detail report
  - o Anganwadi geo coordinate report
  - o Monthly Anganwadi survey report
  - o Survey monitoring report

#### 3.2 Mobile Applications

Mobile App shall be used to capture data on the following two categories as well as show MIS reports.

##### 3.2.1 Geo Tagging

- View number of Anganwadi vis-à-vis completed and pending survey
- Anganwadi wise survey, draft survey & pending survey list
- Text and filter based search
- Survey form for capturing the following details
  - o Food
  - o Toilet
  - o Toys
  - o Attendance Register
  - o Map/Gruha
  - o Infrastructure
- Capturing the Anganwadi details along with photograph and description
- View draft survey list with delete and upload facility

##### 3.2.2 Nourishment

- View category (SAM/Yellow/Red) wise child details
- Add new child & Mother details
  - o View child & Mother detail
  - o Remove Child & Mother
- Child & Mother Survey History
- Work flow based approval/rejection of child remove requests

### 3.2.3 Other requirement

- Login with user credential
- Change password for first time login
- Dashboard view for supervisors, CDPO, DSWO & Collector
- Should have provision for offline data capture
- Should support Android OS version 5.0 and above
- All icons must be crisp, clean, and distinguishable
- Support portrait orientation
- Real time photograph as per requirement
- Intelligence notification

### 3.3 Application maintenance

- Fixing of bugs & error as and when required in the developed application
- The defects shall be covered which occurs due to development error(s)
- Minor changes to the business process shall be addressed except new table, database, etc.
- Tuning of the system to improve performance

## 4 Timeline and payment Term:

SI #	Milestone	Timeline	Payment Terms
